Section 2 – Employer or Plan Sponsor Signature

Note: The law requires a beneficiary to receive a written description of their benefit choices. In addition, the beneficiary is required to let us know their decision on payment of benefits no later than 9/30, of the year following the death of the participant. Based on this notification, Principal Life Insurance Company (Principal Life) will provide the beneficiary with the benefit choices information. Retirement funds placed in a Personal Retirement Account (PRA) or vested deferred status remain in the plan and the plan/trustee retains fiduciary responsibility for the account balance.

On behalf of the plan fiduciary, I authorize Principal Life or its affiliates to make benefit payments to the beneficiaries listed on this form. This authorization applies to beneficiaries who make a distribution election, and also to distributions made in accordance with the small amounts provisions of the plan. In addition, this notification authorizes Principal Life or its affiliates to make benefit payments to beneficiaries in the PRA or vested deferred status when they elect a distribution. This authorization remains in effect unless subsequently cancelled by a plan fiduciary, such cancellation being effective upon actual receipt by Principal Life or its affiliates. The plan fiduciary hereby releases Principal Life and its affiliates from any and all liability arising in any way from any payment pursuant to this authorization and prior to its termination.

For deceased participants with an outstanding loan balance, this authorization directs Principal Life or its affiliates to make the loan taxable. If the loan is not repaid by the beneficiary within the number of days required in your plan, Principal Life or its affiliates will produce a Form 1099-R the following January and notify the IRS as required. If a beneficiary requests a distribution, the loan will be made taxable at that time, even if the repayment period has not expired.
