Re: Free At-Home Cancer Screening & Support Benefit

April 2026

Dear BAC Local 9 Fund members and dependents,

In our commitment to health and prevention, we have expanded our benefit offerings to include **Color Health**, which provides a simple and personalized way to navigate cancer screenings, care, and support **at no cost to you**.

With Color, you get access to a team of real people who stick with you — year over year. Color makes it easy to understand your unique cancer screening needs, and helps you get those screenings done. Color also offers personalized care for people navigating cancer treatment, those who have previously had cancer, and anyone supporting a loved one through treatment.

When you sign up for Color, you get free access to:

At-home cancer screenings: Convenient tests with quick results for colon, cervical, and prostate cancers that you can complete in the comfort of your home.

Genetic testing for high-risk individuals: Learn if you carry inherited changes in your genes that could increase your risk for cancer and get on the right screening plan.

Help scheduling in-person screenings: Let Color arrange your mammograms, colonoscopies, and other important screenings at in-network providers near you.

24/7 symptom support for patients and survivors: 24/7 support from oncologists, nurses, and survivorship experts when a new symptom, ache, or medication side effect appears in the middle of the night.

Real support from real people: Tailored care for cancer patients, survivors, and caregivers, offering guidance on treatment, long-term care, and emotional well-being.

To get started, scan the QR code or visit color.com/baclocal9

This benefit is available to all members, spouses, and dependents 18 years and older who are enrolled under the BAC Local 9 Fund. Color also includes services for caregivers of pediatric cancer patients.

Have questions or need help? Email us at support@color.com or call (844) 352-6567.
