Please read this notification carefully to understand the upcoming investment option changes to your Plan. If you are already eligible to participate in the plan or will become eligible to participate in the plan prior to the upcoming investment option changes, you may want to take action with respect to your investment option(s).

Periodically, the investment option(s) offering in your retirement plan ("Plan") undergo changes. These updates are made so you may continue to select from a diverse and competitive array of quality investment option(s). Cornell-Hart Pension Plan has directed Empower to complete some updates regarding the investment option(s) in your plan.

### New Investment Option(s)

The following new investment option(s) will be automatically added to your plan on October 11, 2022:

To change your future contribution allocations or move your current account balance to the new investment option(s), please review the Voice Response System and/or the website instructions included with this communication.

### Discontinued Investment Option(s)

Effective October 11, 2022, the following investment option(s) will be discontinued and a process called "mapping" will occur. Mapping is a process by which the account balance in a discontinued investment option is transferred to a new investment option at the direction of your Plan Administrator. During this time, future contribution allocations and current account balances in the discontinued investment option(s) will be mapped to the new investment option indicated in the Discontinued Investment Option(s) and Mapping Chart located below. During the mapping process, your assets will remain invested and will continue to gain and/or lose value depending on market conditions.
