

MICHIGAN GLASS and GLAZING INDUSTRY FRINGE BENEFIT FUNDS

PO Box 966 • Troy, MI 48099-0966
(248) 641-4957

TO: All Participants in the Michigan Glass and Glazing Industry Welfare
Insurance Fund
FROM: Board of Trustees
RE: Michigan's New Auto Insurance Law
DATE: October 2020

The Fund provides benefits for auto-related claims so that you are covered for any injuries (medical or otherwise) suffered as a result of an auto-related accident.

As of July 1, 2020 the Michigan State Legislature made significant changes to the state's no-fault auto-insurance system and under this new law you are now able to choose the level of Personal Injury Protection (PIP) coverage in your automobile insurance policy:

- unlimited coverage (similar to today's no-fault system),
- reduced coverage at certain levels, or
- no coverage if you are a senior or have qualified private health insurance (as you do under your current Plan).

More comprehensive coverage will be more expensive, but reduced premiums from what you paid last year are expected at all levels of coverage.

As you decide the level of PIP to select with your auto insurance, it is important to know that the Fund will continue to provide auto-related claims, allowing you to exempt yourself from PIP altogether, if you so choose.

YOU ARE STRONGLY ENCOURAGED TO DISCUSS ANY QUESTIONS YOU MAY HAVE IN REGARD TO YOUR PIP SELECTION WITH YOUR AGENT, BROKER, OR ATTORNEY BEFORE MAKING SUCH CHOICE.

If you have any questions regarding this notice, please contact the Michigan Glass and Glazing Benefit Office at 248 641 4957.
