Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 person/\$1,000 family effective January 1, 2026 through December 31, 2026.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care.	This plan covers some items and services even if you haven't yet met the deductible amount. But a co-payment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$25 per person deductible for dental coverage (except preventive care) effective January 1, 2026 through December 31, 2026.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	For network providers \$8,150 individual (\$6,310 medical and \$1,840 prescription drug) and \$16,300 per family (\$12,620 medical and \$3,680 prescription drug) effective January 1, 2026 through December 31, 2026.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Balance-billed charges, non-covered charges, charges in excess of allowable amounts, and penalties for failure to obtain preauthorization of services. In addition, the cost between a chosen brand and generic equivalent does not count toward the out-of-pocket limit .	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes (select OAP). See www.CIGNAsharedadministration.com , www.CIGNA.com or at 1-800-768-4695 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. See the No Surprises Act Notice for exceptions
Do you need a referral to see a specialist ?	Yes. Hearing aids must be preauthorized .	This plan will pay some or all of the costs to see a specialist for covered services but only if you have the plan's permission before you see the specialist .

All [copayment](#) and [coinsurance](#) costs shown in this chart are taken before your [deductible](#) has been met, if a [deductible](#) applies.
