## **EXPLANATION OF BENEFITS (EOB) NEW MAILING SCHEDULE**

**To: All Active Participants and Retirees**

**From: The Board of Trustees of the Welfare Fund of Engineers Local 513**

**Re: Mailing of Explanation of Benefits every thirty days**

As of April 2021, the Operating Engineers Local 513 Welfare Fund will be issuing Explanation of Benefits to participants on a thirty-day schedule. These EOBS consolidate multiple claims occurring over a monthly time period into one mailing. Implementing episodic EOBS means less postage and material costs proving to be more cost effective. Episodic EOBS also means delivering all EOB information in one single mailing vs. multiple mailings per month for the participant. Participants will no longer receive EOBS in the mail individually but will still be available daily on the participant website to view until you receive a paper copy.

This will only include "clean" claims that have paid according to the Plan. You will still receive individual EOBS for denied claims or claims that may need more information. If you have any questions regarding the new process, please contact the Benefit Office at the number above.

Sincerely,

The Claims Department
