

## Step 1: Register your account

## Step 2: Enjoy greater peace of mind

Saving for your future is certainly important, but protecting your retirement savings should also be a top priority. One of the best ways to do that is to register your account. Registering your account can help safeguard your savings from anyone who isn't you and prevent them from accessing your personal data or the money you've saved.

**It only takes a few minutes to enhance your account security. To get started:**

- Go to your plan website.
- Click on *Register*.
- Select *I don't have a PIN*.
- Follow the prompts to create your username and a strong password.

Once your account is registered, you can take additional steps to further protect your account. For example, you can choose e-delivery and add your preferred email address to receive information about your account quickly, conveniently, and securely.

This is also a good time to add a personal phone number so you can be reached immediately if any unusual account activity is detected.

### Your plan is accessible when you're on the go

The Empower app puts your retirement plan at your fingertips. Use it to access and manage your account when you're on the go — right from your mobile device.

To get anytime, anywhere access to your account, download the Empower app from the App Store® from Apple® or on Google Play™ for your Android™ device.

FOR ILLUSTRATIVE PURPOSES ONLY.

► Visit your plan website and register your account today
