

## Tips to Reduce Drug Cost and Maximize Medication Efficiency

### Review Medications Every Quarter

Keep a single, updated list of all your medications and ensure that each of your healthcare providers has a copy. This helps reduce the risk of unnecessary drugs, side effects, and interactions. Regularly review this list with your physician or pharmacist.

### Talk with Your Doctor about Cost

Let your doctor know that cost and therapeutic effectiveness both matters. Ask if there is a generic or lower-cost substitute available.

### Use the Patient Portal to Compare Prices

Sav-Rx Patient Portal will give you cost comparison of medications.

### Avoid Free Samples

Free samples are usually brand name and more expensive in the long run.

### Ask your Pharmacist for Information

For information on generic medications, consult your pharmacist. Discuss the cost and efficacy of generic alternatives with your doctor.

### Ask for Smaller Amounts of New Meds

Ask your doctor for a smaller quantity of a new medication until you know it is right for you. This is especially helpful if you are paying cash or have a high copay.

### Call Sav-Rx at 888-662-(IRON) 4766

Call Sav-Rx for assistance in reducing your overall drug costs. There will be a live representative available to take your call 24 hours a day, 7 days a week, and 365 days a year.

## Pharmacy Benefit Management Guide

## Iron Workers Local 25 Health Care Trust Fund

## Medication Coverages

- Most maintenance medications are covered by your Plan.
- Certain prescription drug classes are excluded from coverage, such as:
  - Fertility
  - Weight Loss
  - Cosmetic
- Some medications may be subject to quantity limitations or require prior authorization to determine coverage.
- Please refer to your Summary Plan Description for specific coverage rules.

**Call 888-662- IRON (4766)**

**Speak with a LIVE Sav-Rx Union representative 24/7/365**
