

IBEW 125 - PGE HEALTH & WELFARE TRUST

March 31, 2025

Dear Participant,

We are writing to inform you about a recent development that may impact your healthcare coverage. Salem Health, a key healthcare provider in the Salem area, has made the decision to leave the Regence network of providers. This change could affect your access to certain services and facilities if you rely on Salem Health for your healthcare needs.

As of January 1, 2025 Salem Health is no longer part of the Regence network, meaning that Regence members may face increased out-of-pocket costs for care received at Salem Health facilities or through their affiliated providers. We understand that this is a significant concern, and we want to assure you that the Trustees are closely monitoring the situation and are committed to helping you in navigating this transition.

We strongly encourage all members who are affected by this change to take the following steps:

1. **Review Your Plan:** Check your Regence coverage to understand how this change may affect your benefits.
2. **Find Alternative In-Network Providers:** You can find alternative in-network healthcare providers that are covered by Regence at <https://www.regence.com/provider/finding-doctors>.
3. **Contact Regence for Support:** Should you have any questions or concerns, please reach out to Regence via the customer service number on the back of your ID card. They have a dedicated queue devoted to helping you understand your options and guiding you on how to proceed.

We recognize that these changes may cause uncertainty, and we are committed to supporting our members during this transition. We will continue to advocate on your behalf and will keep you informed about any further developments regarding this issue.

Thank you for your attention to this important matter. We remain dedicated to ensuring you have access to the best healthcare coverage and services available.

Sincerely,
Board of Trustees
