Summary of Benefits and Coverage

Enclosed please find your Summary of Benefits and Coverage ("SBC"), which is provided annually.

The Summary of Benefits and Coverage includes three parts:

- Coverage Examples
- Questions and Answers about Coverage Examples

Please consult the Summary Plan Description for a more complete and detailed explanation of benefits and coverage.

Benefits and Coverage Information

This section includes a chart that lists various features of the Plan's medical coverages. It also provides information about coverage for different services, such as office visits, prescription drugs, and emergency room services.

Coverage Examples/Questions and Answers

The coverage examples on the last page of the SBC show how the Fund might cover medical care for three specific scenarios, and address frequently asked questions regarding coverage examples. The examples show what the Fund would pay and what the patient would pay based on a common set of assumptions. It is important to note that these are examples only. They should not be used to estimate your actual costs under the Plan.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call (800) 700-6756. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call (800) 700-6756 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	$500/individual or $1,250/family *Certain out-of-network claims are treated as in-network claims as required by No Surprises Act.*	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible unless the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network Preventive Care and Dental Preventive Care are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	Yes. Dental Benefits - $100 each calendar year. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Medical: $5,000/individual or $10,000/family Prescription: $4,100/individual or $8,200/family *Certain out-of-network claims are treated as in-network claims as required by No Surprises Act.*	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Chiropractic benefits, Smoking Cessation benefits, MDLive Doctor Visit, out-of-network charges in excess of plan allowances, premiums, balance billing charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes*. See www. ibxtpa.com or call (833) 242-3330 for a list of network providers. **Out-of-Network providers* may be treated as In-Network providers as required by No Surprises Act.*	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
