INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Operating Engineers Local 501 Security Fund:

Opinion

We have audited the accompanying financial statements of Operating Engineers Local 501 Security Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and benefit obligations as of September 30, 2024 and 2023, the related statements of changes in net assets available for benefits and benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Operating Engineers Local 501 Security Fund as of September 30, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Operating Engineers Local 501 Security Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Operating Engineers Local 501 Security Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Operating Engineers Local 501 Security Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Operating Engineers Local 501 Security Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Operating Engineers Local 501 Security Fund

Notes to Financial Statements

September 30, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of Operating Engineers Local 501 Security Fund (the “Plan”) are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

Cash

Cash includes amounts on deposit in demand-deposit checking accounts.

Investment Valuation, Transactions and Income Recognition

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods

In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan’s investment classes are presented below:

Corporate Bonds: The fair value of corporate bonds is generally determined based on a model that uses inputs such as interest-rate yield curves, cross-currency-basis index spreads or country credit-spreads, which are similar to the valued obligations in terms of issuer, maturity and seniority (Level 2).

Money Market Fund: The fair value of the money market fund is based on the total value of all the securities held. Generally, the amortized cost approximates the current fair value; the fund seeks to maintain a net asset value of \$1.00 (Level 2).

Mutual Funds: The fair value of mutual funds is generally based on quoted market prices in active markets (Level 1).

Operating Engineers Local 501 Security Fund

Notes to Financial Statements

September 30, 2024 and 2023

U.S. Government and Government Agency Obligations: The fair value of U.S. Government and Government Agency obligations is generally determined using a market-based model in which valuation consideration is given to yield or price of comparable securities, coupon rate, maturity, credit quality and dealer-provided prices (Level 2). The fair value of U.S. Treasuries is generally based on quoted prices in active markets (Level 1).

Limited Partnerships: The fair value of the limited partnerships is generally based on the net asset value or equivalent. The net asset value is based on the underlying assets' fair values, which represent the assets less liabilities divided by the total shares or units outstanding. The net asset value is being used as a practical expedient to estimate fair value.

Valuation Methods, Consistency

The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Employer Contributions Receivable

Employer contributions due and not paid prior to year-end are recorded as employer contributions receivable. Employer contributions due as a result of employer compliance payroll audits are recorded net of an allowance equal to the amount due because collectability is uncertain. Therefore, delinquent contributions are recorded when received.

Stop-Loss Reimbursements and Prescription Rebates

Amounts due and not yet received prior to year-end are recorded as receivables.

Deferred Revenue and Employer Credits

Deferred revenue is comprised of participant contributions received for coverage periods subsequent to year-end and employer credits are due to employer contributions received in excess of the amount due per employer transmittal forms or for which employer transmittal forms have not been submitted as of year-end. Employer credits may be returned to the employer upon request with approval of the Board of Trustees.

Cost of Benefits

Premiums paid are recorded as group insurance premiums in the accompanying statements of changes in net assets available for benefits when paid. Claim payments are recorded when paid by the Plan or when payment is issued by the Plan to third-party claims processors upon receipt of their reimbursement request.

Benefit Obligations

Claims payable and incurred but not reported and accumulated eligibility credits were estimated based on claims experience data. Claims payable and incurred but not reported is an estimate of the cost to the Plan, net of stop-loss reimbursements, if any, for claims incurred by the participants under the terms of the Plan through the year ended September 30 but paid by the Plan after September 30. Accumulated eligibility credits are estimated based on two month's cost of benefits.

Operating Engineers Local 501 Security Fund

Notes to Financial Statements

September 30, 2024 and 2023

Accounting Pronouncements Currently Adopted

In June 2016, the FASB issued an Accounting Standards Update (“ASU”) amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure and other financial instruments recorded at amortized cost.

The Plan adopted the new standard effective October 1, 2023, using the modified retrospective approach. Comparative prior periods were not adjusted upon adoption. Upon adoption, there was no cumulative-effect adjustment to the opening fund balance.

Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in corporate bonds, a money market fund, mutual funds, U.S. Government and Government Agency obligations and a limited partnership. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

2. DESCRIPTION OF THE PLAN

The following brief description of Operating Engineers Local 501 Security Fund provides only general information. For more complete information, participants should refer to the summary Plan description and any amendments regarding specific provisions of the Plan.

General

The Plan was organized to provide hospital, medical, surgical, prescription drug, dental, vision, death, and accidental death and dismemberment benefits to employees. The Plan is funded by contributions from employers on behalf of participating employees and by self-pay contributions from eligible retirees and COBRA participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

Active employees and their dependents become eligible for benefits on the first day of the second month following any calendar month in which an active employee works at least 72 hours for an employer and the employer makes the required contributions.

Operating Engineers Local 501 Security Fund

Notes to Financial Statements

September 30, 2024 and 2023

Benefits

Participants and their dependents may elect coverage under the self-funded medical option, with network access and utilization review services provided by Anthem Blue Cross, or under a Health Maintenance Organization (“HMO”) option through Kaiser Permanente (CA) or Health Plan of Nevada (NV). For participants covered by the self-funded medical option, the Plan provides prescription drug benefits through OptumRX under a self-funded basis. For participants covered by Kaiser Permanente (CA) or Health Plan of Nevada (NV), prescription drug benefits are provided by the respective HMO. The Plan provides dental benefits on a self-funded basis or under an HMO through Delta Dental. Vision care benefits are provided on a self-funded basis through Vision Service Plan (“VSP”). Death and accidental death and dismemberment benefits are provided by the Plan on a self-funded basis.

For participants covered by a self-funded medical option, the Plan provides Mental Health and Substance Use Disorders Benefits through Anthem Blue Cross. For participants covered by Kaiser Permanente or Health Plan of Nevada, the Mental Health and Substance Use Disorders Benefits are provided by the respective HMO on a self-funded basis.

Continuation of health care benefits to persons who would otherwise lose those benefits due to certain events, as mandated by the Consolidated Omnibus Budget Reconciliation Act (“COBRA”), has been adopted by the Plan.

Health Reimbursement Arrangement (“HRA”)

Effective October 1, 2021, the Plan established a health reimbursement arrangement or “HRA”. Active Plan participants covered by the Plan’s medical benefits, eligible as of September 1 of the previous Plan year, will have their individual HRA account funded with the stipulated contribution on October 1 of each succeeding Plan year.

Participants may use their account to pay for or be reimbursed for eligible healthcare expenses. HRA funds not utilized by the participant by the end of the Plan year, of September 30, will be forfeited. HRA benefit accounts are not vested. HRA funding was increased to \$1,000 and \$500 for each eligible participant for the years ended September 30, 2024 and 2023, respectively. HRA funding will increase again for the year ending September 30, 2025, to \$1,500 for each eligible participant.

3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy, or make provisions to satisfy, the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for, or diverted to, purposes other than the exclusive benefit of the participants.

4. TAX STATUS

The Plan obtained a determination letter in March 1958, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan’s administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan’s administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Operating Engineers Local 501 Security Fund
Notes to Financial Statements
September 30, 2024 and 2023

Accounting principles generally accepted in the United States of America require management to evaluate the tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan has analyzed the tax positions taken by the Plan and has concluded that, as of September 30, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. FUNDING POLICY

The Plan is financed by contributions from employers, active participants, retirees, and members electing COBRA coverage. The monthly employer contribution rate is specified in the collective bargaining agreements. Participant, retiree, and COBRA contribution rates are established periodically by the Plan's Board of Trustees.

6. CONCENTRATIONS

Two employers accounted for approximately 29% and 31% of employer contributions during the years ended September 30, 2024 and 2023, respectively. Economic changes to these employers may result in a significant impact to the Plan.

The Plan has significant cash balances at financial institutions which throughout the year regularly exceed the federally insured limit of \$250,000. Any loss incurred or lack of access to such funds could have a significant adverse impact on the Plan's financial condition, results of operations and cash flows.

7. INVESTMENTS AT FAIR VALUE HIERARCHY

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at September 30, 2024 and 2023, are as follows:

8. RELATED-PARTY TRANSACTIONS - DUE TO TRUST FUNDS

The Plan periodically receives contributions on behalf of the Central Pension Fund, the Individual Account Plan and affiliated apprenticeship funds (the "Trust Funds"). The Plan will then remit these contributions to the respective Trust Funds. The amount due to these Trust Funds at September 30, 2024 and 2023, totaled approximately \$4,184,000 and \$2,715,000, respectively. The Plan and the Trust Funds are related in that they have common trustees.

10. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Plan has evaluated events and transactions that occurred after September 30, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through June 13, 2025, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.

SUPPLEMENTARY INFORMATION

REPORT ON SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
Operating Engineers Local 501 Security Fund:

We have audited the financial statements of Operating Engineers Local 501 Security Fund as of and for the years ended September 30, 2024 and 2023, and have issued our report thereon dated June 13, 2025, which contained an unmodified opinion on those financial statements. Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of administrative expenses, which appear on page 14, and the supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

In forming an opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated in all material aspects in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
