Formulary Type: Comprehensive Enhanced Formulary

Phase 1: The Deductible Stage

Because there is no deductible for the plan, this payment stage does not apply to you.

Phase 2: The Initial Coverage Stage

You pay the following until your total out-of-pocket costs reach $2,400.

See Chapter 6 Section 5.5 of the *Evidence of Coverage* for information about how Medicare counts your out-of-pocket costs.

Tier 5 – Specialty Tier	$45	$50

You won't pay more than $35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

Your plan requires prior authorization and has step therapy and quantity limit restrictions for certain drugs. Please refer to your formulary to determine if your drugs are subject to any limitations.

*** Tier 1 drugs allow for a 100-day supply at the same cost share as a 90-day supply. If you are taking a Tier 1 drug, talk with your doctor about whether a new prescription for a 100-day supply is appropriate.**

You won't pay more than $105 for up to a 3-month supply of each covered insulin product regardless of the cost-sharing tier, even if you haven't paid your deductible (if applicable).

Your plan requires prior authorization and has step therapy and quantity limit restrictions for certain drugs. Please refer to your formulary to determine if your drugs are subject to any limitations.

Phase 3: The Catastrophic Coverage Stage

Most members do not reach the Catastrophic Coverage Stage.

You enter the Catastrophic Coverage stage when your total out-of-pocket costs have reached the $2,400 limit for the calendar year. Once you're in the Catastrophic Coverage Stage, you'll stay in this payment stage until the end of the calendar year.

- During this payment stage, the plan pays the full cost for your covered Part D drugs. You pay nothing.
- You may have cost sharing for excluded drugs that are covered under our enhanced benefit.

Information about your costs in these stages can also be located in Chapter 6, Sections 6 and 7 of the *Evidence of Coverage* or by contacting Customer Service. Phone numbers are on the back cover of this document.

Medicare Plus Blue Group PPO has a network of doctors, hospitals, pharmacies, and other providers. Using providers that do not accept Medicare may cost you more.

Outside Michigan, your costs are the same as in-network and out-of-network services when you use providers that accept Medicare. Using providers that do not accept Medicare may cost you more. Please call our customer service number or see the *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.

You must generally use network pharmacies to fill your prescriptions for covered Part D drugs. Some of our network pharmacies have preferred cost sharing. You may pay less if you use these pharmacies. You can see our plan's pharmacy directory at our website (**bcbsm.com/pharmaciesmedicare**). Or, call us and we will send you a copy of a *Provider/Pharmacy Directory* or, for members outside of Michigan, a *Provider/Pharmacy Locator* (phone numbers are on the back cover of this material).
