2

Click the 'Add' button on the pop-up

What is a PWA - Progressive Web App?

Have you ever seen an "Add to Home Screen" banner, while browsing a website?

When you click the button, the "application" installs itself in the background.

When you open this application that now sits in your app drawer, you can browse the same experience you were doing on your browser, but now right in your mobile phone.

What you have now is a **mobile app** that was downloaded from your browser.

All of this, without even visiting an app store.

3

Click the blue 'Add' or 'done' button

4

Wait a few seconds to download. You're now ready to enjoy **MyLifeExpert**

MyLifeExpert is a secure and confidential employee assistance program brought to you by your employer.
