*1 Will use the Drug Store/Pharmacy Merchant Category Code at the pharmacy window, or throughout store if the retailer is a drug store, until IIAS support is implemented*

*2 The prescription subtotal is optional for merchants to support when implementing their IIAS systems. This column Indicates which merchants have chosen to provide the prescription subtotal in their card authorization requests. Some benefit plan balances are restricted to prescription drugs and require this additional information for approval. For clarification of the restrictions on your card, please speak to your plan administrator*

*The Special Interest Group for IIAS Standards disclaims all representations and warranties with respect to the accuracy and completeness of the list and will not be liable for any direct, indirect, incidental or consequential damages arising out of the use or reliance on the list even if the Special Interest Group for IIAS Standards had reasonable notice of the possibility of such damages.*

*Merchants have the option as to which brand of cards may be accepted for payment; MasterCard and/or Visa . Please ensure you are aware of a merchant's acceptance option before attempting to make purchases with your healthcare debit card. In addition, check with your plan administrator for any further restrictions that may apply.*
