IHRA, Miscellaneous and Prescription Medicine Benefit

Claim Reimbursement Form

MB00

What is the Individual Health Reimbursement Account?

Each month in which you are eligible for Basic Benefits, an Employer contribution for each hour you work will be credited to an Individual Health Reimbursement Account under the separate Individual HRA Plan and Trust for your benefit. You can use this to:

- Pay your self-pay contributions to maintain coverage under this Plan if your hours are reduced below the 100-hour monthly minimum for any reason (layoff, unemployment, reduced hours, disability, or retirement); or
- Pay for other medical coverage for you, your Spouse or Children after retirement (for example, Medicare premiums); or
- Pay expenses otherwise eligible under Miscellaneous Benefits for you, your Spouse or Children once your Miscellaneous Benefits for the year have been used up.

This Account is intended primarily to help pay for part of your medical expenses in retirement. If possible, you should use it before retirement only as a last resort.

What expenses are not allowed?

- Expenses that are not for "medical care" as that term is defined by IRS Publication 502; Controlled substances that are in violation of federal law, even if a state allows its use with a physician's prescription (for example, marijuana prescribed to treat a specific medical condition).
- Cosmetic Surgery.
- If the expense is for vitamins, medicine or supplies other than insulin, it is covered only if prescribed by a physician for a specific disease or condition

Is there a time limit to file for IHRA Benefits?

To be eligible for payment for services obtained from service providers that do not accept VISA, claims for reimbursement under Miscellaneous Benefits, Prescription Medicine Benefits and the Individual HRA must be submitted to the Fund Office by the later of the following dates: 1) February 15 of the year after the calendar year in which the expense was incurred (i.e., when the services were rendered or items were purchased), or 2) 60 days after the Explanation of Benefits or other notification to the Member of the Member's share of the medical expense is issued.

Miscellaneous Benefit

What do I do if I need a service not covered by the Blue Cross Blue Shield Basic Benefits or need additional prescriptions after using up the Prescription Benefit?

The Fund provides a separate **Miscellaneous Benefit** amount for each Participant. The maximum reimbursement for a year is \$1,000 per family (Participant, Spouse and Children combined). Unused amounts for one year do not carry forward to any later year.

Prescription Medicine Benefit

What do I do if I need a prescription filled?

The Fund provides a Prescription Medicine Benefit separate from Blue Cross Blue Shield Basic Benefits. The maximum reimbursement for a year is \$2,000 per family (Participant, Spouse and Children combined). Unused amounts for one year do not carry forward to any later year.
