

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, go to www.ua190benefits.org or call 1-888-390-7473. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other [underlined](#) terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$250 individual / \$500 family	Generally, you must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your plan document to see when the deductible starts over (usually, but not always, January 1 st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there services covered before you meet your deductible ?	Yes. In-network preventive services , screening, immunizations, and presurgical consultations are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	There are no other specific deductibles .	You don't have to meet specific deductibles for specific services.
What is the out-of-pocket limit for this plan ?	For in-network providers, \$9,200 individual / \$18,400 family.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services from in-network providers. This limit helps you plan for health care expenses. Balance-billed charges by out-of-network providers do not count toward the out-of-pocket limit . The out-of-pocket limit includes medical care and prescription drugs .
What is not included in the out-of-pocket limit ?	Premiums, self-payments, balance billed charges, out-of-network services, and health care this plan does not cover.	Even though you may be required to pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.bcbsm.com , www.davision.com , www.deltadentalmi.com , or call 1-800-810-2583, 1-877-923-2847, or 1-800-524-0149 for lists of participating providers.	This plan uses a provider network . You could pay less if you use a provider in the plan's network . In-network providers have agreed to accept the network's approved amount. If you use an out-of-network provider , the plan will only pay up to the network's approved amount for those services, and you will be responsible for the balance. Be aware that your network provider may use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No. You don't need a referral to see a specialist .	You can see the specialist you choose without permission from this plan.

All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
