Emergency and urgent care away from home

For travel outside Kaiser Permanente areas

Emergencies can happen anywhere

As a Kaiser Permanente member, you're covered for emergency and urgent care anywhere in the world. Whether you're traveling in the United States or internationally, this brochure will explain what to do if you need emergency or urgent care while away from home.

It's important to remember that how you get care can vary depending on where you are. So plan ahead and find out what emergency and other medical services are available where you'll be traveling.

Types of care

Anything can come up when you travel, and different health needs require different types of care. Here are some common examples, which don't include all possible symptoms and conditions.

What is emergency care?

Emergency care is for a medical or psychiatric condition, including severe pain, that requires immediate medical attention to prevent serious jeopardy to your health.*

Examples include:

- Chest pain or pressure
- Severe stomach pain that comes on suddenly
- Severe shortness of breath
- Decrease in or loss of consciousness

*If you reasonably believe you have an emergency medical condition, call **911** (if you are in the U.S.) or go to the nearest emergency department. An emergency medical condition is a medical or psychiatric condition that requires immediate medical attention to prevent serious jeopardy to your health. For the complete definition of an emergency medical condition, please refer to your *Evidence of Coverage* or other coverage documents.

What is urgent care?

An urgent care need is one that requires prompt medical attention, usually within 24 or 48 hours, but is not an emergency medical condition.

Examples include:

- Minor injuries and cuts
- Backaches and earaches
- Upper-respiratory symptoms
- Sore throats
- Frequent or severe coughs
- Frequent urination or a burning sensation when urinating

What is routine care?

Routine care is for an expected care need, like a scheduled visit to your doctor or a recommended preventive screening.

Examples include:

- Physical exams
- Adult and well-child checkups
- Pap tests
- Follow-up visits

Routine services aren't covered outside Kaiser Permanente areas, so make sure to get them before your trip.

Kaiser Permanente areas include all or parts of:

- California
- Colorado
- Georgia
- Hawaii
- Maryland
- Oregon
- Virginia
- Washington
- Washington, D.C.

U.S. travel

Outside Kaiser Permanente areas

How do I get emergency care in the U.S.?

If you or a family member has a medical emergency, get care right away. You don't have to let Kaiser Permanente know or get approval first. Here's what to do:

- Call **911** or go to the nearest hospital. Always use the emergency services available where you are.
- Once your condition is stable, call Kaiser Permanente to let us know you've received emergency care or been admitted to a hospital. See page 12 for phone numbers for reporting an emergency (or post-stabilization care). If appropriate, the doctor treating you can call instead.
- When you call Kaiser Permanente, we'll talk to the doctor treating you to discuss your condition, health plan coverage information, and help decide what to do next.

What if I still need care after my emergency condition has been stabilized?

If you've been hospitalized, the doctor treating you may decide you still need care after your condition has been stabilized. This is called post-stabilization care. You'll need to get approval from Kaiser Permanente for this kind of care to be covered under your Kaiser Permanente plan.

- Call us as soon as you can,¹ preferably before you get care. See page 12 for phone numbers for reporting an emergency (or post-stabilization care). Getting approval helps protect you from financial responsibility, since we may not cover services we don't approve first.
- If we agree you need post-stabilization care, we may authorize the doctor treating you to give you this care. Or we may choose a different provider who can provide the right care for your condition.
- Ask the doctor treating you if Kaiser Permanente has approved your care, including any transportation. In addition to post-stabilization care, you'll need to get any related transportation approved. When medically necessary

transportation is needed for your care (as determined by Kaiser Permanente), we will arrange these services for you.²

Post-stabilization follow-up care is generally not covered, unless we authorize it or it's considered urgent. This includes any follow-up care you need after an emergency or urgent care visit, like removing stitches or a cast. Call us before you get follow-up care to check whether it's covered.

How do I report emergency care?

Call to let Kaiser Permanente know you've been admitted to a hospital with an emergency condition, or to ask for approval for post-stabilization care. See page 12 for phone numbers for reporting an emergency (or post-stabilization care).

How do I get urgent care in the U.S.?

If you need urgent care while outside a Kaiser Permanente area, you can visit an urgent care or retail clinic instead of a hospital emergency department. We'll cover medically necessary urgent care at non-Kaiser Permanente facilities as long as it can't wait until you get back home.

What if I'm not sure what kind of care I need?

If you're not sure what kind of care you need, and you have a secure login and password, you can use kp.org to send a nonurgent message to your primary care physician.³

How do I submit a claim?

If you paid for emergency or urgent care while away from home, you'll need to file a claim for reimbursement.

The following information is required for all claims:

- Itemized bills (should include date of service, services received, and cost of each item)
- Medical records (copies of original medical reports, admission notes, emergency room records, and/or consultation reports)
- Proof of payment (receipts or bank or credit card statements)

For help with filing a claim for reimbursement, visit [**kp.org/travel**](https://kp.org/travel) or call the Away from Home Travel Line at **951-268-3900**.

¹For specific timing considerations, please refer to your *Evidence of Coverage* or other coverage documents.

²Kaiser Permanente Georgia health plan does not arrange transportation services and any request for transportation is subject to review.

³If you think you're having a medical emergency, call **911** or go to the nearest hospital.

International travel

How do I get emergency or urgent care outside the U.S.?

If you or a family member has an emergency or urgent medical situation,¹ get care right away. You don't have to let Kaiser Permanente know or get approval first. Here's what to do:

- Immediately go to the nearest hospital or any facility that can give you the care you need. Kaiser Permanente won't be able to help manage your care until your emergency or urgent care need is under control or is being managed by a doctor.
- If you get emergency care, call Kaiser Permanente when your condition is stable to let us know you've been treated for an emergency or admitted to a hospital. See page 12 for phone numbers for reporting an emergency (or post-stabilization care). If appropriate, the doctor treating you can call instead.
- When you call Kaiser Permanente, we'll talk to the doctor treating you to discuss your condition, health plan coverage, and help you decide what to do next. We have interpreter services that allow us to talk to doctors who don't speak English.

What if I still need care after my emergency condition has been stabilized?

If you've been hospitalized, the doctor treating you may decide you still need care after your condition has been stabilized. This is called post-stabilization care. You'll need to get approval from Kaiser Permanente for this kind of care to be covered under your Kaiser Permanente plan.

- Call us as soon as you can,² preferably before you get care. See page 12 for phone numbers for reporting an emergency (or post-stabilization care). Getting approval helps protect you from financial responsibility, since we may not cover services we don't approve first.
- If we agree you need post-stabilization care, we may authorize the doctor treating you to give you this care. Or we may choose a different provider who can provide the right care for your condition.

- Ask the doctor treating you if Kaiser Permanente has approved your care, including any transportation. In addition to post-stabilization care, you'll need to get any related transportation approved. When medically necessary transportation is needed for your care (as determined by Kaiser Permanente), we will arrange these services for you.³

Outpatient follow-up care is generally not covered, unless we authorize it or it's considered urgent. This includes any follow-up care you need after an emergency or urgent care visit, like removing stitches or a cast. Call us before you get follow-up care to check whether it's covered. See page 12 for phone numbers for reporting an emergency (or post-stabilization care).

How do I report emergency care if I'm outside the U.S.?

Call to let Kaiser Permanente know you've been admitted to a hospital with an emergency condition, or to ask for approval for post-stabilization care. See page 12 for phone numbers for reporting an emergency (or post-stabilization care).

Check with the local telephone service provider where you are if you need help calling internationally. International calls to this number aren't toll free, and you'll be charged at local international rates.

You should always have a plan for calling Kaiser Permanente. Get ready before you leave. Find out if your cell phone service includes international calling, or get an international calling card.

Is transportation covered?

Kaiser Permanente covers emergency medical transportation to get you to the nearest hospital, or another facility if we decide it's necessary. However, we can't arrange this transportation for you during an emergency. You'll need to work with emergency transportation providers wherever you are.

We generally don't cover or arrange other transportation, unless we decide it's needed to manage your care. In order to lessen your potential financial liability for non-covered travel-related services, you may want to consider getting extra travel insurance to cover services that aren't covered by your Kaiser Permanente plan.

¹Kaiser Permanente may cover medically necessary urgent care you get when you're temporarily outside the country – if it can't be delayed until you get back home. Please refer to your *Evidence of Coverage* or other coverage documents for any restrictions.

²For specific timing considerations, please refer to your *Evidence of Coverage* or other coverage documents.

³Kaiser Permanente Georgia health plan does not arrange transportation services and any request for transportation is subject to review.

How do I submit a claim?

Kaiser Permanente generally doesn't pay providers outside the United States directly. If you get emergency or urgent care, you'll need to pay the bill yourself. Then you can submit a claim for reimbursement when you get home.

In many countries, providers require payment before giving care. Costs can be high, so be ready to cover any unexpected costs. You may want to get extra travel insurance for your trip.

The following information is required for all international claims:

- Itemized bills (should include date of service, services received, and cost of each item)
- Medical records (copies of original medical reports, admission notes, emergency room records, and/or consultation reports)
- Proof of payment (receipts or bank or credit card statements)
- Proof of travel (copy of itinerary and/or airline tickets)

Visit **kp.org/travel** to download a claim form. For help with filing a claim for reimbursement, call the Away from Home Travel Line at **951-268-3900**.
