

Picking Up Speed in 2023!

After energizing your account with a Fresh Start, it's time to keep the momentum going with these key steps.

1. Make Yourself a Priority - Continue to pay yourself first by always staying active in your retirement plan. Your participation at any level will continue to push your retirement savings toward your goal.

2. Elevate and Automate - Increase your savings by 1% annually and let time and compound growth do the heavy lifting. Give your retirement savings an automatic boost by selecting the auto increase function in your plan, if available.

3. Check Your Speed - Use the *My Forecast* tool within your account website to get a real-time update on your progress toward your retirement goal.

Check in on your progress by accessing your account at newportgroup.com.
