

**Annual Funding Notice
For
Northwest Sheet Metal Workers Pension Trust**

Introduction

This notice provides key details about your multiemployer pension plan (the “Plan”) for the plan year beginning May 1, 2025 and ending April 30, 2026 (“Plan Year”).

This is an informational notice. You do not need to respond or take any action.

This notice includes:

- Information about your Plan’s funding status.
- Details on your benefit payments guaranteed by the Pension Benefit Guaranty Corporation (PBGC), a federal insurance agency.

What if I have questions about this notice, my Plan, or my benefits?

Contact your plan administrator at:

- BeneSys Inc.
- **Phone:** 1-800-413-4928
- **Address:** PMB #116 5331 S Macadam Ave, Ste 258 Portland, OR 97239

To better assist you, provide your plan administrator with the following information when you contact them:

- **Plan Name:** Northwest Sheet Metal Workers Pension Trust
- **Employer Identification Number:** 91-6061344
- **Plan Number:** 001

What if I have questions about PBGC and the pension insurance program guarantees?

Visit www.pbgc.gov/prac/multiemployer for more information. For specific information about your pension plan or pension benefits, you should contact your employer or plan administrator as PBGC does not have that information.

Federal law requires all traditional pension plans, also known as defined benefit pension plans, to provide this notice every year regardless of funding status. This notice does not mean your Plan is terminating.

How Well Funded Is Your Plan?

The law requires the Plan’s administrator to explain how well the Plan is funded, using a measure called the “funded percentage.” The funded percentage is calculated by dividing Plan assets by Plan liabilities. In general, the higher the percentage, the better funded the plan. The chart below shows the Plan’s funded percentage for the Plan Year and the two preceding plan years. It also lists the value of the Plan’s assets and liabilities for those years.

Funded Percentage			
	2025 Plan Year	2024 Plan Year	2023 Plan Year
Valuation Date	May 1, 2025	May 1, 2024	May 1, 2023
Funded Percentage	109%	109%	109%
Value of Assets	\$1,639,685,919	\$1,496,785,121	\$1,386,732,440
Value of Liabilities	\$1,505,327,875	\$1,372,458,933	\$1,267,523,584

Year-End Fair Market Value of Assets

To provide further insight into the Plan's financial position, the chart below shows the fair market value of the Plan's assets on the last day of the Plan Year and each of the two preceding plan years as compared to the actuarial value of the Plan's assets on May 1st.

- **Actuarial values (shown in the chart on the previous page)** account for market fluctuations over time. Unlike market values, actuarial values do not change daily with stock or market shifts.
- **Market values (shown in the chart below)** fluctuate based on investment performance, providing a more immediate snapshot of the plan's funding status.

	April 30, 2026	April 30, 2025	April 30, 2024
Fair Market Value of Assets	\$2,036,000,000*	\$1,687,614,190	\$1,520,593,486
Funded Percentage	129%*	112%	111%

* The Fair Market Value of Assets and Funded Percentage for April 30, 2026 are based on unaudited financial statements and projected liabilities. These values are subject to change.

Endangered, Critical, or Critical and Declining Status

Under federal pension law, a plan's funding status determines the steps a plan must take to strengthen its finances and continue paying benefits:

- **Endangered:** The plan's funded percentage drops below 80 percent. The plan's trustees must adopt a funding improvement plan.
- **Critical:** The plan's funded percentage falls below 65 percent or meets other financial distress criteria. The plan's trustees must implement a rehabilitation plan.
- **Critical and Declining:** A plan in critical status is also designated as critical and declining if projected to become insolvent—meaning it will no longer have enough assets to pay out benefits—within 15 years (or within 20 years under a special rule). The plan's trustees must continue to implement the rehabilitation plan. The plan's sponsor may seek approval to amend the plan, including reducing current and future benefits.

The Plan was not in endangered, critical, or critical and declining status in the Plan Year.

The Plan is also not in endangered, critical, or critical and declining status for the plan year ending April 30, 2026.

Participant and Beneficiary Information

The following chart shows the number of participants and beneficiaries covered by the Plan on the last day of the Plan Year and the two preceding plan years. The numbers for the Plan Year reflect the plan administrator's reasonable, good faith estimate.

Number of participants and beneficiaries on last day of relevant plan year	2025 Plan Year	2024 Plan Year	2023 Plan Year
1. Last day of plan year	4/30/2026	4/30/2025	4/30/2024
2. Participants currently employed	4,897	4,885	4,783
3. Participants and beneficiaries receiving benefits	2,779	2,694	2,669
4. Participants and beneficiaries entitled to future benefits (but not receiving benefits)	1,888	1,795	1,780
5. Total number of covered participants and beneficiaries (Lines 2 + 3 + 4 = 5)	9,564	9,374	9,232

Funding & Investment Policies

Funding Policy

Every pension plan must establish a funding policy to meet its objectives. The funding policy relates to how much money is needed to pay promised benefits. The Plan's funding policy is to maintain a balance such that plan resources will fund plan obligations. Plan resources include accumulated plan assets plus expected future contributions and investment income. Plan obligations are benefit payments to current and future retirees and beneficiaries, including benefits earned to date as well as benefits expected to be earned in the future. Plan obligations also include expected expenses paid from plan assets. In implementing this funding policy, the plan Trustees will work with professional advisors to adopt a prudent investment policy and to determine the actuarial value of plan obligations. Over time, the Trustees may adjust plan benefits in response to investment returns and other plan experience or seek additional contributions from the bargaining units.

Investment Policy

Pension plans also have investment policies that provide guidelines for making investment management decisions. The Plan's investment policy is to achieve a long-term rate of return that meets or exceeds the Plan's assumed actuarial rate. In addition, the Plan seeks to maintain sufficient income and liquidity to meet all anticipated cash flow requirements, including periodic pension benefit payments. To accomplish these policy objectives, investments are prudently diversified among several asset classes. The Trustees establish reasonable guidelines for each asset class and investment account specifying acceptable and/or prohibited investments, ranges on exposures, risk constraints, and investment return objectives. Specific performance objectives are that each investment management portfolio is expected to produce a total net return equal to or exceeding an appropriate benchmark return.

As of the end of the Plan Year the Plan's assets were allocated among the following investment categories as percentages of total assets:

Asset Allocation	Percentage
Public equity	65%
Private equity	0%
Investment grade debt and interest rate hedging assets	31%
High-yield debt	0%
Real assets	4%
Cash or cash equivalents	0%
Other	0%

The estimated average return on assets for the Plan Year was 19.7%.

Right to Request a Copy of the Annual Report

Pension plans must file an annual report, called the **Form 5500**, with the U.S. Department of Labor. The Form 5500 includes financial and other information about these pension plans.

You can get a copy of your Plan's Form 5500:

- **Online:** Visit www.efast.dol.gov to search for your Plan's Form 5500.
- **By Mail:** Submit a written request to your plan administrator.
- **By Phone:** Call [\(202\) 693-8673](tel:2026938673) to speak with a representative of the U.S. Department of Labor, Employee Benefits Security Administration's Public Disclosure Room.

The Form 5500 does not include personal information, such as your accrued benefits. For details about your accrued benefits, contact your plan administrator.

Summary of Rules Governing Insolvent Plans

Federal law has a number of special rules that apply to financially troubled multiemployer plans that become insolvent, either as ongoing plans or plans terminated by mass withdrawal. The plan administrator is required by law to include a summary of these rules in the annual funding notice. A plan is insolvent for a plan year if its available financial resources are not sufficient to pay benefits when due for that plan year. An insolvent plan must reduce benefit payments to the highest level that can be paid from the plan's available resources. If such resources are not enough to pay benefits at the level specified by law (see Benefit Payments Guaranteed by PBGC, below), the plan must apply to PBGC for financial assistance. PBGC will loan the plan the amount necessary to pay benefits at the guaranteed level. Reduced benefits may be restored if the plan's financial condition improves.

A plan that becomes insolvent must provide prompt notice of its status to participants and beneficiaries, contributing employers, labor unions representing participants, and PBGC. In addition, participants and beneficiaries also must receive information regarding whether, and how, their benefits will be reduced or affected, including loss of a lump sum option.

Benefit Payments Guaranteed by PBGC

Only vested benefits—those that you've earned and cannot forfeit—are guaranteed.

What PBGC Guarantees

PBGC guarantees "basic benefits" including:

- Pension benefits at normal retirement age.
- Most early retirement benefits.
- Annuity benefits for survivors of plan participants.
- Disability benefits for disabilities that occurred before the earlier of the date the plan terminated or the sponsor's bankruptcy date.

What PBGC Does Not Guarantee

PBGC does not guarantee certain types of benefits, including:

- A participant's pension benefit or benefit increase until it has been part of the plan for 60 full months. Any month in which the multiemployer plan was insolvent or terminated due to mass withdrawal does not count toward this 60-month requirement.
- Any benefits above the normal retirement benefit.
- Disability benefits in non-pay status.
- Non-pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay.

Determining Guarantee Amounts

The maximum benefit PBGC guarantees is set by law. Your plan is covered by PBGC's multiemployer program. The maximum PBGC guarantee is \$35.75 per month, multiplied by a participant's years of credited service.

PBGC guarantees a monthly benefit based on the plan's monthly benefit accrual rate and your years of credited service. The guarantee is calculated as follows:

1. Take 100 percent of the first \$11 of the Plan's monthly benefit accrual rate.
2. Take 75 percent of the next \$33 of the accrual rate.
3. Add both amounts together.
4. Multiply the total by your years of credited service to determine your guaranteed monthly benefit.

Example 1: Participant with a Monthly \$600 Benefit and 10 Years of Service.

1. Find the accrual rate: $\$600/10 = \60 accrual rate.
2. Apply PBGC formula:
 - a. Take 100 percent of the first \$11 = \$11
 - b. Take 75 percent of the next \$33 = \$24.75
3. Add the two amounts together: $\$11 + \$24.75 = \$35.75$
4. Multiply by years of credited service: $\$35.75 \times 10 \text{ years} = \357.50

In this example, the participant's guaranteed monthly benefit is \$357.50.

Example 2: Participant with a \$200 Monthly Benefit and 10 Years of Service.

1. Find the accrual rate: $\$200/10 = \20 accrual rate.
2. Apply PBGC formula:
 - a. Take 100 percent of the first \$11 = \$11
 - b. Take 75 percent of the next \$9 = \$6.75
3. Add the two amounts together: $\$11 + \$6.75 = \$17.75$
4. Multiply by years of credited service: $\$17.75 \times 10 \text{ years} = \177.50

In this example, the participant's guaranteed monthly benefit is \$177.50
