## **MEMORANDUM**

TO: Non-Medicare Retirees and Dependents  
FROM: The Board of Trustees  
RE: Monthly Premium Rate for 2025  
DATE: November 2024

---

---

The Board of Trustees has established a policy that all family members participating in the early retiree program be charged the same rate for coverage that the active participant pays for Mid-Plan coverage. As a result of changes to the active Mid-Plan cost of coverage the following rates will be billed or reflected as a reduction on your monthly pension check effective January 1, 2025.

<b><i>Rate through 12/31/24</i></b>	<b><i>Rate effective 01/01/25</i></b>
\$962.50	\$1,000

The Trustees will continue to annually review the historical and projected costs of the plan and monitor the health of the plan and make changes necessary to provide comprehensive coverage for you and your dependents.

The Trustees are confident that if you were to shop for medical insurance in the marketplace, you would find that even with this change in rate, the cost is extremely competitive versus a plan with similar coverage.
